The BACHELOR OF ARTS or BACHELOR OF SCIENCE degree will require a minimum of 120 semester hours of credit and a GPA of 2.00 or better on work done at LaGrange College. Credit may be earned in residence, by transfer, by placement through either the high school Advance Placement program or CLEP, and military training.

Transfer students who attend a junior college (2 year school) will be allowed to transfer to LaGrange College with a maximum of 60 semester hours of credit. An Associate Degree from Reinhardt, Andrew or Young Harris College only, will satisfy the CORE requirements of LaGrange College with the exception of the Interim Term requirement and the Cultural Enrichment requirement. LaGrange College only accepts the credit from other institutions for courses earned with a minimum grade of C or better. The GPA earned at the transfer school will not be used to calculate the LaGrange College GPA. All-school averages are used by some pre-professional programs to determine eligibility for entrance to their programs.

For those transfer students who have earned a previous bachelor’s degree, we will accept a maximum of 81 semester hours which will leave a minimum of 39 semester hours to take at LaGrange College to satisfy the minimum residence requirement and reach the necessary 120 semester hours to receive a degree from LaGrange College. CORE requirements as well as Interim Term requirements are considered satisfied, however, a ten cultural enrichment event requirement must be satisfied.
