Dear Incoming Students:

The time has finally arrived and we are thrilled to officially welcome you to the LaGrange College community. Like your individual personalities, each of you will have a different experience at the College; as such, we have designed First Week to start your journey and help you navigate the multitude of new opportunities you will encounter in the coming years. Each of your individual experiences will naturally vary based on your interests, passions, and commitment. Your time in college will only be what you make of it; therefore, we encourage you to pay attention to the various opportunities presented in First Week for you to start making connections here on the Hill. Use this time to learn more about academic classes that may peek your interest and spark your passions; explore opportunities to get involved with student organizations; and take a chance on meeting new friends who will both challenge and support you in the coming years! Please also notice how the First Week events are directly tied to the Six Pillars of the College: ethical, caring, civility, diversity, service, and excellence. It is your time to branch out!

We wish you a great First Week and please know that there a number of people ready to support you as you make the adjustment to our College community. If you have any questions or concerns, feel free to speak with an O-Team member, your RA, the SGA, your advisor, or any member of the Student Engagement staff – we are all here for you!

Thank you and be prepared to be challenged, to be inspired, and to be transformed.

Our personal best wishes for an enjoyable and productive First Week and first year.

Dr. Marc H. Shook  
Associate Provost & Dean of Student Engagement

Mary Kate Nix  
Student Government Association President

The entire 2015 O-Team
A Note on Attendance: In general, you are free to make your own decisions in College as an adult. Each event in First Week, however, has been intentionally designed for your benefit and, as such, your attendance at each event is expected. At most events, you will be required to check in with your mentor who will be tracking your attendance. If you miss an event, particularly any of the speaker-based events, you may be called for a meeting with the Dean of Students and placed on disciplinary probation. Again, you should consider all First Week events other than the optional late night activities to be mandatory. We trust that you will start your collegiate career on the “right foot” and attend this week’s activities.

The “Big Unorganized Ridiculous Party” or “B.U.R.P.” is a tradition with much history at the College. As with previous events, water activities dominate so please arrive in bathing suits or clothes that you do not mind getting wet. In addition to B.U.R.P. staples like the giant slip-and-slide, water balloons, and water cannons, we will also be going a little wild with the addition of giant water park style inflatables. This promises to be a hysterical way to spend an afternoon with new and old friends.

What started out as a humorous way to involve the senior administration in coaching the football team’s spring game has turned into a full-fledged competition. This year’s game will pit the coaching minds of the College President, Dr. Dan McAlexander, and Provost, Dr. David Garrison, as they select offensive and defensive plays for a full-contact scrimmage game featuring many of the football team’s incoming players.

The game is not only your first look at our new talent on the gridiron, but activities to keep you entertained include giveaways, raffle prizes, and the first open performance of the LaGrange College Band during a half-time show where the band and cheerleading squad will cover many of the College’s spirit and fight songs.

Feel free to tailgate prior to the game and arrive loud and proud!

Callaway Stadium is walkable, but busing to and from the event will also be available outside the front door of Turner Hall starting at 5:30 p.m.

The Social Code attempts to instill in every member of the student body a sense of moral and community responsibility. As such, LaGrange College expects its students to adhere to community standards. Likewise, if some fail to live up to these codes of conduct, the College expects students to enforce these standards through the Social Code and its Social Council. In this way, students assume the obligation of upholding the integrity of their community and of ethically preparing themselves for the world beyond college.
