Matriculation Requirements

- An accepted student must possess a level of physical and emotional health sufficient to enable him/her to meet nursing program requirements and the standards of professional nursing practice.
- Prior to beginning the first clinical nursing course, a medical examination is required which documents the student's level of health and immunization including current documentation of the Hepatitis B series and TB skin test.
- Students are required to provide a current 11 panel urine drug screen and a criminal background check after acceptance. (Drug Screen Criteria to include: Marijuana, Cocaine, Amphetamines, Opiates, Oxycodone, Phencyclidine (PCP), Barbiturates, Benzodiazepine, Methadone, Propoxyphene, and Methaqualone)
- Professional liability insurance (purchased on a group basis through the College) and basic cardiopulmonary resuscitation (CPR) for healthcare professionals certification is required prior to beginning the first nursing course and must be continued throughout all clinical nursing courses.
