The Department of Business is committed to providing degree programs that will prepare students to thrive in the corporate arena, in mission-based enterprises, or as entrepreneurs. Program faculty support the college-wide student learning outcomes of communication, critical thinking, creativity, and connectivity through a series of courses that develop an increasingly nuanced understanding of the complexities of business. Marketing and Entrepreneurship is a concentration offered within the Business Program that prepare students who wish to pursue corporate careers with a focus on the increasingly important world of marketing and media, or students who envision being the founder/CEO of their own business in either a corporate or nonprofit enterprise.

A student seeking to earn a BBA with a concentration in Marketing and Entrepreneurship must satisfy the Gateway (pre-major) courses, complete the Business Common Core, and 18 hours of concentration courses. In addition to satisfying the Gateway courses, potential majors must have an overall GPA of 2.50 on a 4.0 scale.

Once a student has been accepted into the BBA program, all classes must be completed with a C- or higher to count toward the department's graduation requirements. A student who earns less than a C- in a major course will need to repeat the course in a subsequent semester.

A Business major whose overall or major GPA falls below a 2.50/4.00 may be placed on departmental probation and will be expected to work closely with the faculty advisors to develop a strategy to return the GPA to the expected level.
