Course Catalog - Natural Sciences

Minor in Neuroscience - Minor in Neuroscience

Type:Minor

In addition to completing the general education requirements, students pursuing a minor in Neuroscience must complete the following courses with a final grade of "C-" or better:

- Principles of Biology I ([BIOL 1107](#) and [BIOL 1107L](#))
- Introductor Psychology ([PSYC 1101](#))
- Biological Psychology ([PSYC 4465](#))
- Neurobiology ([BIOL 3384](#))

To allow for course choice flexibility, students are encouraged to complete BIOL 1107/1107L and PSYC 1101 within the first two (2) semester at LC.

In addition to the courses above, students must choose three (3) courses from the list of electives below with a final grade of "C-" or better. Two (2) of these courses must be outside of the student's major:

- Cognitive Psychology ([PSYC 4455](#))
 - Behavioral Analysis ([PSYC 4470](#))
 - Sensation and Perception ([PSYC 4405](#))
 - Anatomy and Physiology I ([BIOL 2148](#))
 - Toxicology ([BIOL 3370](#))
 - Vertebrate Embryology ([BIOL 3351](#))
-

ARTD 2550 - Internship in Art and Design

(1-6 Hours) An opportunity for students to gain added early applied experience and insight in approved off-campus settings. Internships consist of at least 40 working hours per credit hour in areas related to the discipline. Assignments may include selected readings, public presentation, and a final portfolio containing essays, weekly journal, and supporting material. Advisors, program coordinators, department chairs, and the

internship coordinator (or designee) must approve the internship before a student begins their work. Internships will be taken as pass/no credit.

Grade Basis: P

Credit hours: 3.0

Lecture hours: 3.0
