Type:Major

Sports Management is a growing professional field that opens up possibilities for graduates to work in sports sales and marketing, in educational institutions as coaches or athletic directors, in professional sports front-office positions, or as sports agents representing athletes in diverse fields. A student who graduates with a BBA in Sports Management is well-prepared for all of those possibilities.

In addition to rich classroom experiences, students have multiple co-curricular opportunities including traveling to tournaments, presenting at sports conferences, networking with professions, and interning at multiple sites. The major has also been designed to allow students to pursue a minor. Coaching and marketing design are popular options.

All Sports Management majors must complete a 3-hour academic internship in their junior or senior year. The possibilities for are rich: from local community organizations to professional sports organizations, from independent performance/athletic centers to marketing for small businesses. The internship course is an integral part of our major, building expertise and developing networks for the career beyond college.

Students seeking to earn a BBA in Sports Management must satisfy the Gateway (pre-major) courses, and complete the Business Common Core and 18 hours of sports management concentration courses. To be accepted as a major, students must have a 2.50 cumulative GPA.
