Dear LaGrange College Student and Parent:

We hope you and your family are staying safe and well as we continue to move through these challenging times. We are excited to have you back on campus in a few weeks.

Throughout the late spring and early summer, LaGrange College disbursed emergency grant funding through the CARES Act under Title IV of the Higher Education Act. Those funds were provided to assist students with expenses related to the disruption of campus operations due to the coronavirus, as indicated in previous communications.

After sending room grant and telecommunication grants to qualifying students from the student emergency funds, LaGrange College had a small balance of grant funds to disburse to high need students at the discretion of the Financial Aid Department and the College. You were selected as one of the thirty-eight students qualifying for distribution of these final dollars.

The financial aid office reviewed Pell grant recipients selecting those with the greatest need to receive a small allotment of remaining funds. Distributions were determined based on the amount of Pell funds you received in relation to other high-need recipients. The check enclosed with this letter, represents your portion of that refund.

As stated in the previous grant letters, this is a good time to review your student account and any outstanding balance that you may have with the college. We encourage you to log in to the My LC portal to check your current account status. If we can be of any assistance as you prepare for returning in the fall or begin the next chapter of your life if you are a recent graduate, we are here to help you navigate these new waters in any way we can. Please feel free to contact the Business Office at businessoffice@lagrange.edu or 706-880-8278. We look forward to seeing returning students back on the Hill in a few short weeks.

Sincerely,

Business Office
LaGrange College
