Thank you for the diligence, determination and discipline that you have demonstrated over these past few weeks as the college responded to the COVID-19 pandemic. No doubt you have faced inconveniences and adjustments, some of them even impacting the availability of housing, meals, healthcare and technology.

To help you with expenses related to these issues, the U.S. Department of Education has provided the college with emergency grant funding through the CARES Act for students who are eligible to receive federal financial aid under Title IV of the Higher Education Act:

- Within seven to 10 days, eligible students should receive a check representing CARES Act funds.
- The check will be mailed to your permanent/home address and will come from the LaGrange College Business Office. If your address has changed recently, contact the Business Office at businessoffice@lagrange.edu to make sure it is correct in the college’s records.
- The check amount is based on a formula customized for each student’s situation, taking into account the likelihood of your need for technology assistance and the type of meal plan you had with the college.
- The funds distributed represent 100% of the student funding awarded to the college.

The arrival of these funds is a good time to review your account with the college and any outstanding balance you may have. We encourage you to log in to the My LC portal to check your current account status.

If you have questions or concerns after receiving your check, please feel free to contact the Business Office at 706-880-8278 or businessoffice@lagrange.edu. We look forward to continue supporting you during this challenging time, and we look forward to welcoming you back home on the Hill as soon as possible.
