Student Expectations

Expectations for this class include the following:

1. **Be Prepared**: Students are expected to come to class prepared for any discussions or activities that may occur by reading all assigned material and by bringing any written or electronic assignments required for class.

2. **Be Present and On Time**: Students are expected to attend each class, be on time, and remain until the end of class. Notify the professor in advance, if possible, when it is necessary to be absent, to be late, or to leave early. Points may be deducted at the discretion of the professor for absences or tardies. Grades may also naturally suffer when students are not present for class.

3. **Remember Due Dates**: Students are expected to complete all assignments on time. Points will be deducted for late assignments. Any extenuating circumstances must be discussed with the professor before the due date. How these circumstances are handled is solely at the discretion of the professor.

4. **Submit Electronically**: All written assignments are to be submitted electronically as email attachments or within Moodle on or before the due date.

5. **Be Respectful**: Students are expected to be respectful and sensitive to beliefs and ideas that may be different from their own. Our class is representative of the diversity that students experience when working in the field of psychology or in any field or activity outside of the classroom. One example of that respect is to refrain from having private conversations while others are addressing the class.

6. **Be Electronically Respectful**: Students will refrain from using cell phones or other electronic devices during class time, **except** in the activity of taking notes. You may be asked to completely refrain from using electronic devices in class or to leave class as a result of texting, answering phone calls, browsing social media, or surfing the internet. Please silence all phones and keep them out of sight during class time; they should be kept in purses, pockets, or book bags.

7. **APA Style**: All written work must be typed using the formatting style outlined in the manual published by the American Psychological Association (APA). You will need to purchase a current APA style manual and become familiar with the formatting procedures for font, margins, citations, references, et al. By the middle of the semester, you are expected to be able to create APA formatted documents. Grades on written work prepared
outside of class may be reduced as a result of incorrect formatting, grammar, sentence structure, and frequent typos or misspellings. Please get help if you are having a difficult time with writing skills.

**Digitally Delivered Policies**
Students who attend the virtual track must watch all recorded classes within a 7-day period to get full credit for the class. Students understand that information is embedded into the recorded classes and lectures that evaluate student attendance.

All courses are delivered in synchronous and asynchronous formats through assigned readings, online lectures, seminar discussions, multimedia presentations, case presentations, and small group discussion. All asynchronous learning students will be required to either attend the in-class sessions synchronously via Teams or watch the recording of class within 7 days. Students will lose points on participation and may be dropped a letter grade for more than 3 absences from class, or not watching class via Teams in a timely manner. Asynchronous students are required to attend some of the skills-based classes on certain dates.

Students are required to have access to technology requirements such as WIFI, a computer, and access to email and the learning management system. Students engaged in digitally delivered synchronous learning are required to plan to be in a suitable learning environment that is free from distractions and noise.

Students in the 100% digitally delivered track are required to schedule a monthly meeting with their assigned academic advisor.

**Technology Requirements**
Counseling students are provided with Microsoft 365 which gives students access to One Drive, Email, Teams, Power Point, and Excel. Students are expected to be able to utilize this technology by keeping an up to date laptop or tablet in order to be successful in the program.

Standard 1.G indicates: “The institution provides technical support to all counselor education program faculty and students to ensure access to information systems for learning, teaching, and research.”

- Microsoft Teams training was made available for students
- One Drive Training
- Email Training
- IT SUPPORT (Chastity Hargrett)
- Connect (Support Portal)
- mock counseling sessions.

**Proctoring Software is required for all Counseling courses**
In this class, LockDown Browser and Respondus Monitor will be used to facilitate the online proctoring of assessments (such as quizzes or exams). Students will be able to download LockDown Browser from a link provided from within our course on Connect and will incur a one-time, $15.00 fee (payable only by credit card) for the use of Respondus Monitor. This one-time fee will entitle a student to unlimited use of Respondus Monitor for this course and any other on at LaGrange College for the time period of one year.

These pieces of software work only with reliable desktop or laptop computers running Windows or Mac OS as well as modern iPads. Devices used for testing must be equipped with a functional webcam and must have access to a stable, high-speed internet connection. LockDown Browser and Respondus Monitor will not function with smartphones, tablets that are not iPads, or Chromebooks.

If you do not have access to a personal computer that meets these specifications, laptops are available for checkout in Lewis Library. Campus Wi-Fi is robust and will satisfy your internet connectivity requirements.

Students having difficulties with the functionality of these tools should contact IT (support@lagrange.edu, 8049) for assistance.

**Asynchronous Students:**
The content of this course will be delivered in synchronous and asynchronous formats through assigned readings, online lectures, seminar discussions, multimedia presentations, case presentations, and small group discussion. It is required that all students attend class via Teams for all in class meeting dates.

Assignments

A. Attendance, Participation, and Professionalism

Active class participation – Be prepared to actively participate in class discussions by applying the information learned in reading assignments and lectures. At times, topics will arise which are sensitive for class members. It is expected that ideas will be discussed and debated in a respectful manner. The successful student will be willing to consider different perspectives, to challenge her/his own assumptions, and to respect differing opinions. In addition, students are expected to attend all classes and complete out-of-class assignments in a cooperative manner. Students may expect to receive point deductions for lateness, unreported absences, lack of preparedness, and other behaviors and attitudes not conducive to their own learning and that of classmates. Students are only **allowed 1 absence** during internship.

B. Required Course Materials:

Each student will need to obtain or secure/borrow the following:

- Recording equipment (may choose to use audio or video recorder)
- Storage device that contains only client videos and files (e.g., flash drive – videos take up a great deal of memory)
- **LOCK BOX** for client files and storage device (all confidential documentation related to clients, including storage device!)

Your group may meet for an hour on ten different occasions **OR** for any designated amount of time from 30 minutes to 90 minutes (depending on the age of your clients and/or available time slots) for a designated number of days so that the accumulated time equals 10 hours. **This must be done over the course of your practicum or internship experience**
  - **Remaining direct service hours doing Individual Counseling, or other types of direct service**
    Individual Counseling Sessions should be **30-45 minutes** in length. A 45-minute session may count as an hour of service; however, a 30-minute session will not. 2. Group supervision – a minimum of one and one-half (1½) hours/week – this supervision will occur during scheduled class time with your faculty supervisor/instructor. Our class will meet for 2 hours every other week to satisfy this requirement.

Assessment

This semester of internship is based on a Pass/No Credit evaluation system. Students who demonstrate limitations that might impede future performance as a counselor, who consciously violate ethical standards, and/or are ineffective and/or harmful to clients will not receive credit for this class. The assessment process is based on the subjective assessment of the faculty and the site supervisor. Students may be given the opportunity to repeat a one-semester internship at a different site or they may be asked to leave the program. Students, upon the recommendation of the site supervisor or faculty member, may be provided with a plan of remediation before completing an additional internship semester.

The LaGrange College Honor Code
Students are expected to abide by the Honor Code, which is listed below. All assignments are to be completed by the student and in the student’s own words. Students who use any source other than the text must give full credit to that source. Direct quotes, even from the text, must be shown within quotation marks and accompanied by the author and page number where the quote can be found. A reference list must be provided at the end of the student’s work. Students are encouraged to study or consult with classmates as they complete daily or weekly class preparation, but they should not share any information in the taking of an exam.

Violations of these policies will be turned over to the Honor Council for further action as specified in the Student Handbook:

As a member of the student body of LaGrange College, I confirm my commitment to the ideals of civility, diversity, service, and excellence. Recognizing the significance of personal integrity in establishing these ideals within our community, I pledge that I will not lie, cheat, steal, nor tolerate these unethical behaviors in others. I pledge that I have neither given nor received unauthorized help on this examination or assignment, nor have I witnessed any violation of the Honor Code.
