What is Big Brothers Big Sister?

Big Brothers Big Sisters of America is the oldest mentoring program around with over 100 years of service with approximately 300 agencies nationally and internationally.

What service does Big Brothers Big Sisters of Chattahoochee Valley provide?

We provide free one-to-one mentoring for children in your local community. We match children, also known as "Littles", with a volunteer also known as a Big Brother or a Big Sister, based on the gender of the child. We ask that our Big Brothers and Big Sisters spend at least 8 hours with their Littles each month. We encourage the Bigs to incorporate their Little's hobbies as well as their own into fun, inexpensive activities.

Contact us today to find out how you can become apart of this amazing opportunity mentoring our youth!
