							minimum hours to graduate	
							120	

-During fall, interim, and spring semesters of each academic year, a student must earn on average 30 credit hours per year to graduate with the required 120 credit hours in 4 years.  
 -Course options are listed in order of priority for the given year. These courses are required, but flexibility exists as to when to take the take courses listed as options.  
 -For a list of Ethos courses and requirements, see Ethos in the bulletin ; PG# corresponds to the course categories in Ethos.
