

Office of Residential Education & Housing

Mission Statement

The mission of the Office of Residential Education & Housing, as a residential campus, is to provide the unique opportunity to engage students in a living-learning atmosphere that complements the academic experience by teaching valuable life skills, creating a space to explore their identity and reflecting on the experience, building connections amongst the campus community, and holding students accountable for their actions.

The Office of Residential Education & Housing supports the mission of LaGrange College by providing a living and learning environment which fosters academic success, student engagement outside the classroom, and individual development. In advancement of this mission we:

- * Provide a safe and secure residential learning environment for all students.
- * Establish a residential learning environment that encourages the exploration of diversity as well as individual identity by building a community where differences are respected and learning is the common goal.
- * Maintain an environment where civility and respect are not only expected and encouraged but also enforced through the maintenance of residential regulations and policies.
- * Hire a student staff committed to developing the residential learning environment and engage that staff in continual training.
- * Offer on-going social and education programs that further builds community and encourages personal development.
